Thanksgiving Bingo

HOW TO PLAY

1. Hand out cards

Give each player one Bingo card. Each card has 24 Thanksgiving words and a FREE center square.

2. Prepare the calling cards

Cut apart all 75 calling cards, mix them well, and place them in a bowl or bag.

3. Call the words

The host draws one calling card at a time and reads it aloud. Players mark the matching word if it appears on their card.

4. Call BINGO!

The first player to complete five marked squares in a horizontal, vertical, or diagonal line calls “BINGO!” The FREE center counts as marked.

5. Check the winner

Compare the winning squares with the words already called. If correct, award a prize and start a new round.

For more variety

Try four corners, an X, or a full-card blackout. For blackout, keep calling until every word on a player’s card is marked.

Includes 30 unique Bingo cards and 75 matching calling cards.
