

50 Thanksgiving Guessing Cards

Print, cut apart, and play with family and friends

How to Play

Cut apart the 50 cards and place them face down.

Each player draws a card without looking at the word.

Hold the card against your forehead or have another player hold it.

Ask only yes-or-no questions to guess your identity.

For example: Am I a food? Am I part of the Thanksgiving table?

Players may take turns asking questions, or use a one-minute timer.

The first person to correctly guess their identity earns a point.

For larger gatherings, divide guests into teams and rotate players.

Print the card pages on white cardstock for sturdier cards.
